Project's goals and results

Main goals

Ksapa is a mission-driven company that designs and develops project engineering and access to digital solutions services that are economically, socially and ecologically efficient. Ksapa and Société Générale de Côte d'Ivoire have decided to mandate Nitidæ to **analyze the value-chains** in order to design support for cooperatives and local manufacturers to help them improve their **ESG performance**.

Specific objectives

SO1. Carry out a macro-economic analysis of 4 agri-food sectors (cocoa, cashew, rice, cotton).

SO2. Analyze each sector on the level of structuring and organization of cooperatives as well as their issues and challenges.

SO3. Identify the sector on which the tools offered by Ksapa will have the most significant impacts in terms of improving the living conditions of Ivorian producers.
